1. Provide for a planned, ongoing professional development program for all staff including the necessary funds, within budget constraints, and time for planning and implementation.
2. Direct the Superintendent to establish a planning committee composed of representatives from the administration, teachers and other appropriate staff including their union representatives. The members chosen shall serve at the pleasure of the Board. The committee shall be responsible to the Superintendent for:
 - a. Assessing immediate and long-term needs at the district, and individual levels.
 - b. Planning, development and evaluating programs designated to meet the assessed needs.
3. Direct the Superintendent to report annually to the Board of Education on the professional development program and its effect with the recommendations for changes as needed.
